# Hunt Hung

UIUX / Product Designer
Web-Fn-Developer

## INTRO

I'm a product designer that crafts digital experiences to empower people. I have 5 years of related experience in the field covering not only designer's role but also as web front-end developer and team lead.

I am capable of performing a variety of skills including visualisation, user testing, fn-coding, video editing and 3d rendering.

## EXPERIENCE

### MANTRA DAO – UIUX Designer (Contract)
Jun 2021 - present

Responsible for auditing the company existing UI performance. Study the feedbacks from the community users and make instant adjustments. Set priority and practical deployment schedules with dev-team. Suggsting better workflow, house keeping tools as well as rebuilding a scalable design system.

### Oursky – Product Designer
Nov 2018 - Mar 2021 (2 yrs and 5 mnths)

Responsible for clarifying clients' needs, drafting userflow, crafting UI and UIQA. User research including surveying and A/B testing is occasionally a must. Experience in various types of contract from MVP, POC, waterfall to agile. Internal housekeeping in providing peer feedbacks as well as self-retro sharing.

### Firmstudio — Web Designer & Fn-Developer
Jan - Sep 2018

Responsible for a wide range of job contents ranging from graphic design to web fn-development. Act as a bridge between design and development team to tackle difficulties encountered during design-to-fn transition.

### Creasant — Web Designer & Design Lead
Sep 2016 - Nov 2017

Responsible for UI design of the company's web projects. Visualise clients' brief in a pracable manner. Partnered with development team to cope with design constraints and make instant modifications. Present to the client on ideas generated and explain if there's any practical concerns with solutions provided. Acquiring and supervising new hires after being promoted.
